2 Seater 1000cc Side-by-Side Utility Vehicle

FALCON 1000-2S...

The Falcon 1000-2s brings serious off-road power to the Falcon range, with a 962cc CFMoto EFI engine, 59kW of output, and rugged 4WD performance. Its aggressive stance, 350mm ground clearance, and high-end features make it a favourite for extreme adventuring.

Whether climbing dunes, exploring trails, or powering through mud, this 2-seater is purpose-built for thrill-seekers who demand more from their machine.

- 59kW V-twin CFMoto engine
- Electronic fuel injection and liquid cooling
- 4WD with selectable drive range
- High 350mm ground clearance for serious terrain
