2.5 Ton Telescopic Loader

AM25T

Experience superior lifting power with the Agrimec 2.5-ton telescopic loader, engineered for efficiency and versatility. Ideal for agricultural and construction applications, this robust machine features a high-lift capacity, intuitive controls, and durable construction. With its advanced telescopic boom, it excels in handling a wide range of materials and tasks with ease. Enhance productivity and tackle demanding jobs effortlessly with the Agrimech 2.5-ton telescopic loader—your reliable partner for heavy lifting.

Specs

Main Specifications	
Bucket Capacity	1.3m³
Operating Weight	6800kg
Bucket Width	2200mm
Rated Load	2500kg
Wheel base	2550mm
Track	1700mm
Overall Dimensions	6,800 x 2,200 x 2,900mm
Lifting to bucket hinge pin Height	5200mm
Engine	
Model	Yunnei YN38GBZ
Type	In-line 4-Cylinder diesel, turbo charged
