3.5T Back-Hoe Loader (TLB)

T-REX435

The T-REX435 strikes the perfect balance between size and strength, delivering reliable performance for medium-duty loading and excavation work.

With a 0.8 m³ front bucket and rated lifting capacity of 1,200 kg, it's well-suited for construction, municipal projects, and light earthworks.

The rear backhoe reaches a 2,630 mm digging depth and 170° swing, giving it excellent versatility on site. Powered by the proven FAW490 engine with hydraulic transmission, the T-REX435 achieves smooth handling, a top speed of 18 km/h, and dependable breakout force for demanding tasks.
