5T Back-Hoe Loader (TLB)

T-REX450

Built for power and efficiency, the T-REX450 is a 5 ton backhoe loader engineered for demanding applications. Its 0.8 - 1.0m³ front bucket and 1,800kg rated load capacity make it a reliable choice for roadwork, material handling, and excavation.

The backhoe achieves a 3,300mm digging depth with 190° boom rotation, ensuring flexibility for trenching and utility projects. With a 40kW engine, hydraulic drive, and 20km/h travel speed, the T-REX450 delivers the performance and durability required for heavy site operations.
