6.3T Back-Hoe Loader (TLB)

T-REX465

The T-REX463 is a heavy-duty 6.3 ton backhoe loader designed for maximum productivity in construction and earthmoving. Featuring a 1.3–1.5m³ front bucket with 2,500kg rated load capacity and a 4,585mm max lifting height, it excels at large-scale loading operations.

The backhoe provides a 3,830mm digging depth, 5,160mm reach, and 190° swing, ensuring robust excavation capability. Powered by a 55kW Yunnei engine with hydraulic transmission and 30km/h travel speed, the T-REX463 combines strength, speed, and versatility for professional contractors.
