4x4 Utility Vehicle

RANGER 450LB...

The RANGER 450LB is more than just a utility vehicle, it's a compact powerhouse built to elevate your workday and weekend adventures. With a robust petrol engine, intelligent drive system, and rugged design, this UTV is engineered to handle demanding tasks while offering a smooth, confident ride across varied terrain.

UNLEASH RELIABLE POWER

At the heart of the RANGER 450LB lies a finely tuned 390.8cc single-cylinder, 4-stroke engine, equipped with liquid cooling and a balance shaft for reduced vibration and enhanced longevity. The Electronic Fuel Injection (EFI) system ensures optimal fuel delivery, while the Electronic Control Unit (ECU) provides precise ignition timing for consistent performance.

Whether you're navigating tight trails or powering through a full day's work, the RANGER 450LB delivers dependable strength with every turn of the throttle.
